

## ENHANCE YOUR ROOM BOOKING EXPERIENCE

### Yealink RoomPanel for Zoom Rooms

8-inch Touch Screen

Native Zoom Experience

Vibrant Colored LED Bar

Support PoE or DC Power

Simple & Flexible Installation

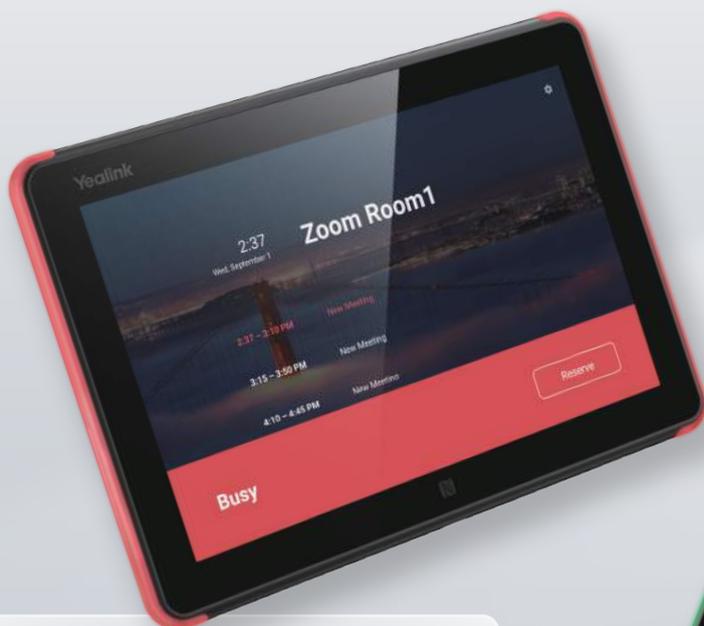

Remote Device Management

Yealink RoomPanel is a dedicated and versatile touchscreen designed for mounted outside the meeting spaces and displaying meeting details. Integrated with Office 365, Exchange, and Google Calendar, the display helps organization optimize, improve, and streamline meeting room bookings.

# Integrated Room Scheduling with Seamless Zoom Rooms Experience

At-a-glance details of location and availability

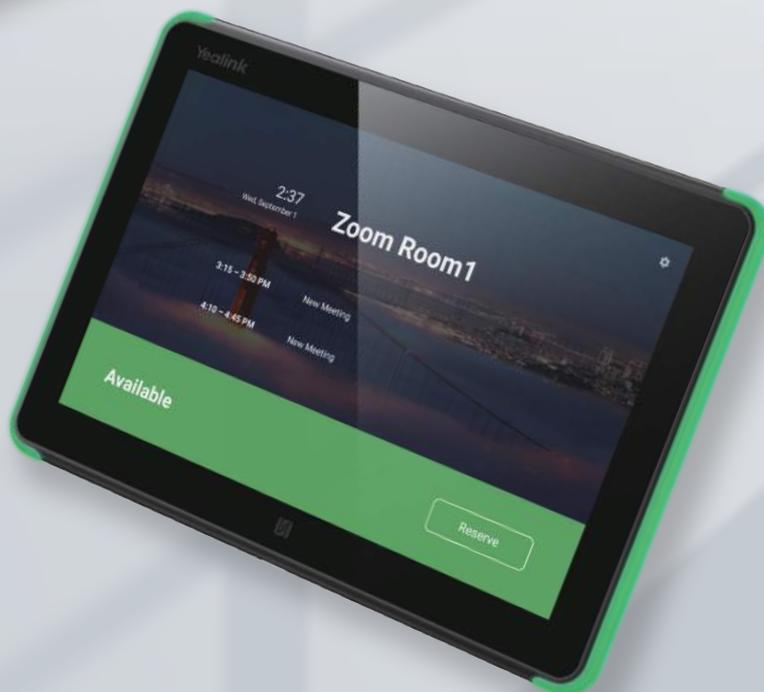

Up-to-date scheduling status with key meeting information

One tap for reserving meeting spaces for ad hoc meetings

Colored LED bar for indicating room status with high visibility

Featuring a 8-inch interactive touch screen with anti-fingerprint surface as well as intuitive and Zoom-tailored UI, the RoomPanel brings premium visual presence and interactive experience to the users need to book or check the status of specific conference room.

# Versatile Touch Screen for Room Scheduling Applications

More than a touchable display, the RoomPanel also combines a quantity of advanced features of wireless network connectivity and expansibility, to offer intelligent, productive and secure experience in room resource management.

Ideal clarity on 8-inch multi-point touch screen with anti-fingerprint coating.

Compatible to action with the room occupancy sensor for features such as automatic release, automatic check-in, etc. (Coming soon)

Built-in 802.11ac 2x2 MIMO Wi-Fi for wireless deployment

Built-in Bluetooth 5.0 for accessories connection

# Install and Manage the Devices with Ease, Flexibility and Efficiency

2

Concrete Wall

Brick Wall

Glass

Wood

With numerous test and contrastive analysis, the provided brackets and tape permit the RoomPanel to be mounted to the surfaces including solid wall, glass, wood, etc.

1

To better meet different requirements and preference, Yealink offers optional brackets with parallel or tilt angle for varying using scenarios.

3

Supporting PoE or DC power adapter, the RoomPanel can be installed with ease and flexibility, making the workplaces tidy and stylish.

Managing a batch of meeting room devices is no longer a heavy burden for the administrators or IT staff, as they can easily monitor, manage and diagnose the products via Zoom Device Management or Yealink Management Cloud Service.
